

# 4-Week Intermediates Photography Course

## Intermediates Photography Course

This 4-week intermediates course is for those who wish to learn or improve on their understanding and execution of specific genres:

Based on wishes of those booked, we will schedule the topics from:

- B&W Photography and editing
- Landscape Photography and editing
- Portrait Photography and editing
- Macro Photography and editing
- Abstract Photography and editing
- Sports & Wildlife photography and editing
- Travel Photography and editing
- Architectural Photography and editing
- Product Photography and editing

**Different topics may be added/swapped according to the wishes of participants.**

### Time:

- All evening classes start at 18:45 and finish at 21:15
- Please allow yourself 15mins for parking and being ready to start on time.

### Places

- Places x 8. - Typically, 5-8 attendees
- For a class to go ahead, there must be a minimum of five clients booked for that particular date. Should there be insufficient interest, alternative dates will be offered.

### Commitment

- 4 consecutive weekly evenings for 2.5hrs each week.
- If you can't make **one** of the weeks, then you can attend a future course for the missed week at no extra cost.
- If more than one class is missed a small re-booking fee is required to attend all missed classes.

## Cost

- Select **whole course** from the dropdown menu on booking option.
- If you select deposit the balance must be paid 60 days in advance of start date
- If you are interested in spreading the cost of a number of events (courses/workshops/tuition service) over a 12 month period, interest free, take a look at my [Pick n Mix Plans](#). You will receive a discount on this course cost and any other events you choose as part of a 12-month photography tuition package Minimum commitment is £43 a month (£525pa).

## Terms

- Please [read my terms and conditions](#) before booking as you will be bound by them upon receipt of money paid.
- Cancellation less than 4wks prior to event date - no refund
- No show on the event - loss of place/money
- Rebooking fee applies for changing class date if less than 4 weeks before event date or for re-booking a missed class.

## Description

This 4-week intermediates course for photography is for those who wish to learn or improve on their understanding and execution of specific genres and take their images to the next level.

Each week we will focus on technical settings, composition, editing and processing to realise the potential of each image.

**Outline topics include, but will be adjusted according to wishes of those booked.**

- B&W Photography and editing
- Landscape Photography and editing
- Portrait Photography and editing
- Macro Photography and editing
- Abstract Photography and editing
- Sports & Wildlife photography and editing
- Travel Photography and editing
- Architectural Photography and editing

**You will also be set weekly practical assignments, allowing you to use new skills at home and get feedback and tips the following week on images produced.**

### Is this for me?

Those who have completed [Level 1 Beginners Photography Course](#), or already have a good grasp of the basics and want to enhance their knowledge further with more in-depth lessons on genres.

- You will already be using Lightroom to edit and want to take your images to the next level.

## Level 2 - Aimed at:

- Intermediates who have a good grasp of camera operation, composition and editing in Lightroom.
- This 4 week course is to give intermediates the opportunity to enhance their knowledge and skills further with a more in-depth course on the specifics of a particular genre of photography.
- You will be given expert guidance on how to create images with impact in any of the genres taught. We will discuss light, tonal range, focal points and making the composition say more than this is where and when.

## Included with the class

- Comprehensive course booklet/notes
- Tea & Coffee during the break half-way through

## Equipment needed

- You will need a sample of your own images to suit each topic for review
- A USB drive for bringing assignment images back for review each week
- Note paper and pen

## Further Classes/Courses

This intermediates course is the perfect follow on from the [beginners photo course](#).

Or you may prefer to **take the four-week course as private tuition lessons?** I offer a block of four times two-hour lessons to suit your pace and availability (daytime/weekdays only). Just get in touch to discuss or [view the booking page](#).

## Benefits

This course teaches a more in-depth analysis and review of specific photography genres.

You will gain a better understanding of:

- Composition
- Exposure and camera settings
- Technical use of equipment
- Application of editing in Lightroom, Photoshop, NIK plug-ins to suit the enhancements required

In practice, you will see an instant improvement in your work with the aid of feedback on your images with the weekly assignments.

## How you will learn

Alan is passionate about photography and [a qualified photography tutor](#). He will engage you in discussion and be more than willing to answer as many questions as possible on the night.

**Alan will use PowerPoint to explain concepts/topics, followed by practical break-out sessions to turn theory into practise where applicable.**

1. You will be encouraged to ask questions and engage throughout the night so come prepared to ask any question you need an answer to.
2. You will be provided with a comprehensive topic notes to take away and use for future reference
3. You will be given assignments each week to help you cement the theory learned and raise any questions/issues the following week with Alan to clarify.
4. You will get the camera out in class and follow various scenarios and settings to help cement the understanding of camera operation.
